**FRANKFURT/MAIN, GERMANY
SEPTEMBER 4 - 6, 2003**

DEAR COLLEAGUES,

The Organizing Committee of the XVIth International Congress of Head and Neck Radiology (ICHNR) is pleased to inform you that this premier international meeting in the field of Head and Neck Radiology is held from September 4 to 6, 2003 in Frankfurt. We would like to invite you all to participate in this truly exceptional meeting in Germany.

The ICHNR was first established in 1958 in Brussels, Belgium on the initiative of the International Collegium of Radiology in Otorhinolaryngology.

The XVIth ICHNR is now organized by the European Society of Head and Neck Radiology, the American Society of Head and Neck Radiology, and the Asian and Oceanian Society of Neuroradiology and Head and Neck Radiology. The congress highlights the most recent advances in Head and Neck Radiology with a major emphasis on recent developments in imaging modalities as well as interventional procedures.

The objectives of the congress are also to establish closer ties among participants from various countries as well as an educational program, that provides you with the latest exciting and most practical developments that will affect your practice in the next year.

Frankfurt, located in the central part of Germany, is a city full of contrasts, a fascinating blend of pulsating metropolis and tranquil town, and it has much to offer to inhabitants and visitors alike. In order to promote friendship and fellowship among participants, receptions and social programs are planned for registrants.

We do hope you will enjoy not only the scientific aspect of the meeting, but also the beautiful autumn in the center of Germany and Europe. On behalf of the entire program committee we are looking forward to welcome you at the ICHNR 2003.

Thomas J. Vogl
Martin G. Mack
Jörn O. Balzer

Herwig Imhof
Charles F. Lanzieri
Kee Hyun Chang
Yuichi Inoue
Jan Casselman
Mutsumasa Takahashi

THURSDAY, SEPTEMBER 4, 2003

- 13:00 Opening Ceremony
Dean of the Johann Wolfgang Goethe University
Minister of Science and Art
- 13:15 Perspectives of Head and Neck Radiology:
The Asian Oceanian experience (Takahashi)
The European guidelines (Kabala)
- 13:45 Hot topics in the head and neck (Imhof)
- 14:05 Socioeconomics in ENT radiology (Mäurer)

**14:30 – 17:00 Nasal cavity and paranasal sinus
Chair: Imhof, Vogl**

- 14:30 Normal anatomy and variations (Gotwald)
- 14:50 Evaluation of patients with nasal obstruction (Cohnen)
- 15:10 Evaluation of patients with facial pain (Weber)
- 15:30 Chronic inflammatory disease, CT versus MRI (Hudgins)

**16:30 – 17:30 Imaging in head and neck trauma and
Dental Radiology
Chair: Nentwig, Marzi**

- 16:30 Dental CT (Gahleitner)
- 16:50 Multislice CT in head and neck trauma (Mack)
- Free papers.

- 19:00 Cocktails

FRIDAY, SEPTEMBER 5, 2003**08:00 – 10:00 Skull base I
Chair: Chang, Seifert**

- 08:00 Normal CT and MR anatomy (Hasso)
- 08:30 Sensoneural and conductive hearing loss (Swartz)
- 08:50 Evaluation of patients with pulsatile tinnitus (Marsot-Dupuch)
- 09:10 Evaluation of patients with trigeminal neuropathy (Casselman)
- 09:30 Evaluation of the facial nerve (Veillon)
- Free papers.

**10:30 – 12:30 Skull base II
Chair: Chong, Casselman**

- 10:30 Cochlear Implant: Questions to the radiologist (Gstöttner)
- 10:50 MRI and CT in cochlear implant candidates (Czerny)
- 11:10 Bony lesions of the skull base (Kösling)
- 11:30 Evaluation of patients with Homer syndrome (Reede)
- 11:50 Vascular lesions of the skull base and the cavernous sinus (Vogl)
- Free papers.

12:30 – 14:00 Lunch**FRIDAY, SEPTEMBER 5, 2003****14:00 – 15:20 Parapharyngeal space and salivary glands
Chair: Inoue, Dai**

- 14:00 Normal anatomy (Lemort)
- 14:20 Differential diagnosis (Smoker)
- 14:40 Imaging of salivary glands (Golding)
- Free papers.

**15:40 – 17:00 Interventional Radiology
Chair: Torrinha, Inoue**

- 15:40 Transarterial procedures in head and neck tumors (Balzer)
- 15:55 Endovascular treatment of cervical carotid disease with stent (Mathias)
- 16:10 Tumor ablation of recurrent head and neck tumors (Eichler)
- Free papers.

**17:00 – 18:00 Film reading session
Chair: Imhof****19:00 Social evening for all participants****SATURDAY, SEPTEMBER 6, 2003****08:00 – 10:00 Oncologic aspects in neck tumors
Chair: Felix, Hrabák**

- 08:00 Actual aspects of chemotherapy and anti EGFR in head and neck cancer (Knecht, Teichert)
- 08:20 Radiotherapy (Wendt)
- 08:40 Evaluation of a patient with recurrent head and neck cancer (Curtin)
- 09:00 Larynx-protection in head and neck cancer (Baghi)
- Free papers.

**10:30 – 12:30 Imaging of the neck
Chair: Coutinho, Golding**

- 10:30 Lymph node imaging (Castelijns)
- 10:50 Evaluation of patients with laryngeal and hypopharyngeal cancer (Sigal)
- 11:10 Evaluation of patients with recurrent tumors (Maroldi)
- 11:30 MDCT of the larynx (Brüning)
- Free papers.

**14:00 – 16:30 The European Head and Neck Educational
Workshop (Part 1)
Certified by the ESHNR and the EAR**

Topic: Paranasal sinus and nose, an interactive session
Speakers: Gotwald, Cohnen, Mack, Vogl
