How to approach lumps and bumps in the neck?

Moderator morning: D. Hadnadjev Šimonji, Novi Sad/RS

08:00-08:10

Welcome and explanation

D. Hadnadjev Šimonji, Novi Sad/RS

08:10-08:55

● Anatomy review: Neck spaces

Y. Pekcevik, Izmir/TR

08:55-09:15

● The clinical challenge: Neck swelling in children

A. Siddiqui, Kings Hill/UK

09:15-09:35

Congenital lesions

C. Robson, Boston/US

09:35-10:10

Infection/inflammation and tumoral lesions

A. Siddiqui, Kings Hill/UK

10:10-10:25 Break

10:25-10:35

Introduction to the Workshops: Explanation remote case reading and template report

D. Hadnadjev Šimonji, Novi Sad/RS; A. Siddiqui, Kings Hill/UK

10:35-12:05

● Workshop 1: Pediatric neck swelling

P. De Graaf, Amsterdam/NL; Y. Pekcevik, Izmir/TR;
C. Robson, Boston/US; A. Siddiqui, Kings Hill/UK

12:05-12:10 Room change

12:10-12:40

● Q&A with the experts: Neck swelling in children

Y. Pekcevik, Izmir/TR; C. Robson, Boston/US;
A. Siddiqui, Kings Hill/UK;
D. Hadnadjev Šimonji, Novi Sad/RS (moderator)

12:40-13:40 Break

Moderator afternoon: J. Hirvonen, Turku/FI

13:40-14:10

● The clinical challenge: Neck swelling in adult patients

I. Mijatov, A. Spasic; Novi Sad/RS

14:10-14:40

Neck swelling due to infection

J. Hirvonen, Turku/FI

14:40-15:10

Neck swelling due to benign or malignant tumors (including lymphadenopathy)

J. Goh, Singapore/SG

15:10-15:25 Break

15:25-16:55

● Workshop 2: Neck swelling in adults

P. De Graaf Amsterdam/NL; J. Goh, Singapore/SG;
J. Hirvonen, Turku/FI; I. Mijatov, A. Spasic, Novi Sad/RS

16:55-17:00 Room change

17:00-17:30

● Q&A with the experts: Neck swelling in adults

J. Goh, Singapore/SG; I. Mijatov, Novi Sad/RS;
A. Spasic, Novi Sad/RS; J. Hirvonen, Turku/FI (moderator)

Friday, November 21

How to deal with hearing loss, dizziness and ringing ear?

Moderator morning: B. De Foer, Antwerp/BE

07:55-08:00

Welcome

B. De Foer, Antwerp/BE

08:00-08:30

● Temporal bone anatomy

A. Péporté, Rorschach/CH

08:30-08:50

● Sudden and fluctuating hydrops and tinnitus

TBC

08:50-09:10

Imaging in inflammatory disease without and with cholesteatoma: How to do it and pitfalls

P. Touska, London/UK

09:10-09:40

Hydrops imaging: Clinical perspectives, technical controversies and developments

B. De Foer, Antwerp/BE

09:40-10:00

Tinnitus

S. Connor, London/UK

10:00-10:15 Break

10:15-11:45

● Workshop 3: Temporal bone: Inflammation, hydrops and tinnitus

A. Bernaerts, Antwerp/BE; S. Connor, London/UK;
B. De Foer, Antwerp/BE; A. Péporté, Rorschach/CH;
P. Touska, London/UK

11:45-11:50 Room change

11:50-12:20

● Q&A with the experts: Inflammation, hydrops and tinnitus

S. Connor, London/UK; A. Péporté, Rorschach/CH;
P. Touska, London/UK; B. De Foer, Antwerp/BE (moderator)

12:20-13:20 Break

Moderator afternoon: A. Juliano, Boston/US

13:20-13:45

Hearing loss and auditory implants

S. Connor, I. Pai; London/UK

13:45-14:20

Hearing loss due to malformations

F. D'Arco, London/UK

14:20-14:55

Postoperative imaging (after ossicular reconstruction and implants)

A. Juliano, Boston/US

14:55-15:05 Break

15:05-16:35

● Workshop 4: Temporal bone: Hearing loss due to malformations and postop imaging

F. D'Arco, London/UK; A. Juliano, Boston/US;
B. Ozgen Mocan, Chicago/US; S. Qureshi, Abu Dhabi/AE;
F. Wagner, Bern/CH

16:35-16:40 Room change

16:40-17:10

● Q&A with the experts: Hearing loss due to malformations and postop imaging

F. D'Arco, London/UK; S. Qureshi, Abu Dhabi/AE;
F. Wagner, Bern/CH; A. Juliano, Boston/US (moderator)

Saturday, November 22

Let's talk about cranial nerve palsy

Moderator morning: B. Kovacsovics, Linköping/SE

07:55-08:00

Welcome

B. Kovacsovics, Linköping/SE

08:00-10:00

Cranial nerves: I-VI

08:00 Olfactory nerve and olfactory pathway
TBC

08:15 Optic nerve and pathway
B. Kovacsovics, Linköping/SE

08:30 Oculomotor, trochlear and abducens nerve
A. Zarei, Leeds/UK

08:45 Trigeminal nerve
R. Maroldi, Brescia/IT

09:05 Pearls and pitfalls for assessing perineural spread
F. Pameijer, Utrecht/NL

09:30 MRI safety and how to improve images in the presence of implants (neurostimulators, cochlear implants, auditory brainstem implants etc)
J.M. Lieb, Basel/CH

10:00-10:15 Break

10:15-11:45

● Workshop 5: Cranial nerve palsy I-VI

T. Beale, London/UK; M. De Win, Breukelen/NL;
B. Kovacsovics, Linköping/SE; R. Maroldi, Brescia/IT;
A. Zarei, Leeds/UK

11:45-11:50 Room change

11:50-12:20

● Q&A with the experts: Upper cranial nerve dysfunction

J.M. Lieb, Basel/CH; R. Maroldi, Brescia/IT;
B. Kovacsovics, Linköping/SE

12:20-13:20 Break

Moderator afternoon: T. Beale, London/UK

13:20-15:00

Cranial nerves: VII-XII

13:20 Facial nerve
B. Verbist, Leiden/NL

13:40 Vestibulocochlear nerve
TBC

13:55 Jugular foramen: Glossopharyngeal, vagus, accessory nerve
T. Beale, London/UK

14:20 Hypoglossal nerve
D. Farina, Brescia/IT

● 14:40 Clinicians warning: Beware of referred pain
S. Loughran, Manchester/UK; G.M. Potter, Manchester/UK

15:00-15:15 Break

15:15-16:45

● Workshop 6: Cranial nerve palsy VII-XII and referred pain

T. Beale, London/UK; M. De Win, Breukelen/NL; D. Farina, Brescia/IT;
L. Preda, Pavia/IT; B. Verbist, Leiden/NL

16:45-16:50 Room change

16:50-17:20

● Q&A with the experts: Lower cranial nerve dysfunction

M. De Win, Breukelen/NL; D. Farina Brescia/IT;
S. Loughran, Manchester/UK; G.M. Potter, Manchester/UK;
B. Verbist, Leiden /NL; T. Beale, London/UK (moderator)

17:20-17:30

Closing remarks

D. Hadnadjev Šimonji, Novi Sad/RS
