Masterclass in H&N radiology

November 21-23, 2024
Manchester, UK

Final
Programme

Dear colleagues and friends,

Following the success of the previous ESHNR Masterclass last December in Leiden/NL, we are delighted to announce our next event which will be held in the city of Manchester/UK, between November 21-23, 2024. This exciting course has a limited number of places available in order to allow interactive small working groups. There will also be opportunities to interact with other delegates as well as expert tutors. Using innovative software, you will be able to look through imaging cases at your own pace whilst learning in real-time from the highly experienced faculty.

The content will be different from the last meeting which focussed more on the skull base region. This meeting will explore refresher and challenging areas with particular reference to upper aerodigestive tract, soft tissue neck, oncology and neck glands. The programme will include short lectures highlighting recent developments, imaging techniques, relevant anatomy and pathology, followed by case-based discussion in small-group workshops giving you the opportunity to ask questions and receive feedback. Aimed at Radiologists with an interest in, and experience of, head and neck radiology, this course will help all those who wish to brush-up on their anatomy, learn about latest developments and add value and structure to their imaging reports.

Whether you have recently qualified or been in practice for years, this programme has something to offer.

We look forward to welcoming you to the ESHNR Masterclass in Manchester!

Confirmation of attendance

Each participant who attends the live event (November 21–23) will receive the confirmation of attendance document [beginning of December 2024](#).

IMPORTANT: Due to UEMS regulations, attendees can only claim CME credits for the sessions that have actually been attended during the event. You will need to evaluate each session that you attended and would like to receive credits for on the event evaluation form. As part of this process participants' attendance will be monitored throughout the event.

UEMS CME accreditation

Persons who attend the live event (November 21–23) and who successfully evaluate the course will receive the UEMS CME certificate [end of December 2024](#).

UEMS CME evaluation deadline: **Sunday, December 15, 2024**

The ESHNR Masterclass 2024, Manchester, United Kingdom 21/11/2024 – 23/11/2024, has been accredited by the European Accreditation Council for Continuing Medical Education (EACCME®) with **22.5 European CME credits (ECMEC®s)**.

Each medical specialist should claim only those hours of credit that he/she actually spent in the educational activity.

Through an agreement between the Union Européenne des Médecins Spécialistes and the American Medical Association, physicians may convert EACCME® credits to an equivalent number of AMA PRA Category 1 Credits™. Information on the process to convert EACCME® credit to AMA credit can be found at <https://edhub.ama-assn.org/pages/applications>.

Live educational activities, occurring outside of Canada, recognised by the UEMS-EACCME® for ECMEC®s are deemed to be Accredited Group Learning Activities (Section 1) as defined by the Maintenance of Certification Program of the Royal College of Physicians and Surgeons of Canada.

Please find below the breakdown of ECMEC®s per day:
21.11.2024 – 7.5 | 22.11.2024 – 7.5 | 23.11.2024 – 7.5
